Statement of the National Judicial Council of Hungary on the value of the Rule of Law and the protection of sovereignty in Ukraine

There is no place for war in Europe!

The rule of law, freedom and human dignity are the highest and most important values of a democratic state that are to be protected. The National Judicial Council of Hungary strongly supports the sovereignty and territorial integrity of Ukraine in accordance with the international law and expresses its solidarity with the people of Ukraine in their fight for the protection of their national independence and the preservation of their democracy.

In these tense and difficult times, the National Judicial Council sympathizes with the Ukrainian judges and lawyers, encouraging them to be strong and steadfast and to do their best to protect the democratic values, the rule of law. It calls the Hungarian legal community to support Ukraine, as long as possible, in its fight in the interests of the European democracy against the aggression, which violates the general principles of the international law and the fundamental human rights.
